Mr. Green:

As a private business that is invested in today's youth and supporters of school choice, Symbiosis is excited to show our support for the SR1 College Preparatory and STEM Academy (CPSA). The opportunity to invest in the leaders of tomorrow is aligned with the community outreach efforts of the Symbiosis Investment Group.

Symbiosis and SR1 have enjoyed a three-year partnership in order to provide underserved low-income students access to academic support, STEM education, and social skills development focused on college readiness. Symbiosis has provided financial support to SR1 for STEM education and will provide \$150,000 to the SR1 CPSA per year of the five-year charter term to ensure its success. Symbiosis will also provide 2,500 square feet of facility space at a cost of \$10.00 per square foot for start-up services to the SR1 CPSA.

Symbiosis pledges its full support to the SR1 CPSA in order to assist in strengthening school choice for students and families in Canton, MS.

Sincerely,
